## Bush

The mind is all  
The mind is all, we kiss everything  
We say we love, it's the skin we're in  
You're a retrograde, a vacancy  
You're the one I love, the hate in meLazy day on a darker breed  
To have is not what it's made to be  
You come alone on a mass attack  
Sucking your tantric suck  
Fooling your one-eyed catWe don't mind  
We don't mindWe deviate our gravy brains  
Set 'em on fire, they're all the same  
I am lionface, no sancho panza  
I'm riddled by you, I could've been better  
We don't mind  
We don't mind, we don't mindI'm a monkey on a drip  
Sucker monkey on a drip  
I'm a monkey on a drip  
Sucker monkey on a drip  
Sucker monkey on a drip  
Sucker monkey on a drip  
Your monkey, monkey, monkey, monkey, monkey, monkey  
MonkeyYou take such pretty photos  
When will you be worthy of your good side  
Where will you be when the clouds break  
And it all takes just a little more than you haveWe don't mind  
We don't mind, we don't mind  
I'm a monkey on a drip  
Sucker monkey on a drip  
I'm a monkey on a drip  
Sucker monkey on a drip  
I'm a monkey on a drip  
Sucker monkey on a drip  
Your monkey, monkey, monkey, monkey, monkey, monkey, monkey  
Your monkey, monkey, monkey, monkey, monkey, monkey, monkeySucker monkeySucker  
monkey, sucker monkey, sucker monkey, sucker monkey  
Sucker monkey, sucker monkey, sucker monkey
