

# My First Love (feat. KeKe Wyatt)

## Avant

Silhouette of a perfect frame  
Shadows of your smile, will always remain (always remain)  
Beginners love, soon fades away ah baby  
We go on, I will always long as I live (long as I live)  
you will be  
my first love (ah baby, you and only)  
long as i live (long as I live)  
you will be my first love  
and i choose you again. I'll keep an old candy-coated, valentine  
Memories of you, you when you were mine  
A tarnished ring, on a tarnished chain  
Times keep changing  
Come sun or rain  
Long as I live (long as I live)  
you will be  
my first love (and my only love)  
long as i live (long as I live)  
you will be my first love  
and i choose you again. See as long as i live  
long as i live  
I like it baby, sing to me  
oh you'll always be my first love  
you'll be mine and I'll choose you again. A tarnished ring  
on a tarnished chain oh  
times keep changing,  
come sun or rain  
Long as I live (long as I live)  
you will be  
my first love (and my only love)  
long as i live (long as I live)  
you will be my first love  
and i choose you again. Long as i live baby  
you will always be  
(Avant)  
I'll always love you baby,  
my first love  
for the rest of my life  
you will always be  
my, oh lady  
oh babe
