

# Let Me In

## Grouplove

Give me give me that love I've been waiting for, yeah  
I'll catch my hand I've been fighting for, yeah Let me it. Yeah let me get closer  
Keep me running wild, I can feel it all over  
I'll catch my hand I've been fighting for, yeah  
All this time been tripping and slipping around  
You got me now, I'm swimming, swimming in clouds Give me give me that love I've been  
waiting for, yeah  
I'll catch my hand I've been fighting for, yeah  
And I'm finding out that all and all is right at home  
But telling the man my plan to never feel alone  
Let me it. Yeah let me get closer  
Got my hands high like I ride a rollercoaster  
Cannot be yeah cannot be lonely  
Looking like I love yeah we're living the moment  
You got me now, I'm swimming, swimming in clouds Give me give me that love I've been  
waiting for, yeah  
I'll catch my hand I've been fighting for, yeah Holding my breath till there's nothing left  
Hold your breath now there's nothing left  
Give me that love I've been waiting for, yeah  
And I'm finding out that all and all is right at home  
So I'm telling the man my plan to never feel alone  
Give me give me that love I've been waiting for, yeah  
I'll catch my hand I've been fighting for, yeah Holding my breath till there's nothing left  
Hold your breath now there's nothing left  
Give me that love I've been waiting for, yeah
