

# Just Because

AZ

It's on for now, niggas ballin' now (uh huh)  
It's The Firm baby, ain't no fallin' down  
Thorough your eyes see your snakesness (Uh huh)  
No lie, Doe Or Die, try to take this  
Stay swift, you can follow if you tailgate (C'mon)  
Reminisclin' when a nigga used to sell weight  
Well laced, G.A. in the summertime, Freaknick (C'mon)  
Back and forth to the ball game, Hen in the cup (Ah)  
Through the years niggas all changed, livin' it up  
Takin's steps to the next level, seen the light  
What it be like, now, puttin' weed in the pipe  
Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because  
Cancun at the Jazzfest  
First time we ever met you was half dressed  
Easy access (Ah)  
You and you whole crew, ya alright  
When you beep use Code 2, call tonight  
Got a villa full of young Dons  
Champagne and a grill on my front lawn  
What's song?  
We can dance to some more jams  
Finally can meet Nas and the whole fam  
Roseland, love is love when it's all good, clutch ya name  
Through my eyes, I'm all hood, fuck the fame  
Play a script like Larenz Tate, bench weights (Yeah)  
Worked out stay in shape  
Benz plates  
Cruise around wit the hot sounds  
Pumped loud, "I Be" by Fox Brown  
It's locked down  
Overall tryin' to make moves stay in the mix  
Motivated by the ace, deuce, tre and the six Breakin' day, off this shit here

This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because  
Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because  
Wanna bring it to me right way  
Face to face, (yeah) when you see me get ya lie straight  
It's high stakes, (uh huh) goin' up against a street playa, true type  
Get the paper handle beef later, never too hype  
Analyze from the next man, wants war  
Still alive, on the next plan, wantin' more  
Outta town tryin' to get mine stay in the cut (Uh huh)  
Cubans control the prices, keep raisin' 'em up!  
Peace and love to my allies (Uh, uh) play on  
Stayin' up, high late at nights, stay strong  
Sittin' up lettin' all y'all know the deal  
This Firm shit is on for real (For real)  
Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because  
Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because  
Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because  
Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs  
Hoes get dug, foes get slugs  
Just because  
Breakin' day, off this shit here  
This year, snatched loot everywhere  
Next year, takin' what we left here  
A fear, for thugs

Hoes get dug, foes get slugs  
Just because
