

# End of Story

## wifisfuneral

Yeah, first sight, fell for the hype  
Had to get a taste, had to get a bite  
Ayy, fast forward, all we do is fuck and fight  
I say all we do is fuck, all we do is fight  
Say you wish you never met me  
We were moving so fast like a twelve-speed  
Just because it's organic doesn't mean that it's healthy  
Girl, you more than just a lover; you my bestie  
My friends said I should leave you lonely  
They don't really see what you do for me  
I'm gon' ride 'til the end of the story  
The end of the story, yeah  
Your friends said I should leave you lonely  
You should have a man that got way more money  
I'm gon' ride 'til the end of the story  
The end of the story, yeah  
Okay, I know we had some bad times  
But that don't outweigh the good times  
Post them pictures on the 'Gram, tell the world you mine  
Password to my phone, I ain't got shit to hide  
Girl, you knew I was that boy right when you met me  
By the way you ride upon that dick just like a jetski  
Just because it's organic doesn't mean that it's healthy  
Girl, you more than just a lover; you my bestie  
My friends said I should leave you lonely  
They don't really see what you do for me  
I'm gon' ride 'til the end of the story  
The end of the story, yeah  
Your friends said I should leave you lonely  
You should have a man that got way more money  
I'm gon' ride 'til the end of the story  
The end of the story, yeah  
My friends said I should leave you lonely  
They don't really see what you do for me  
I'm gon' ride 'til the end of the story  
The end of the story, yeah  
Your friends said I should leave you lonely  
You should have a man that got way more money  
I'm gon' ride 'til the end of the story  
The end of the story, yeah
