

# Are We Ourselves?

## The Fixx

Lost feelings return  
So maybe I can learn  
To stop the world of a lie  
This time around Are we, are we, are we ourselves?  
Are we, are we, are we ourselves? Because seen through these eyes  
We lead a double life  
No one will know  
So check it out steppin' out here I go Are we, are we, are we ourselves?  
Are we ourselves and do we really know? Well, lost spirit returns  
Now maybe we learn  
To stop this world of a lie  
To this earth we are bound I ask you  
Are we, are we, are we ourselves?  
(Are we ourselves?)  
Are we ourselves, and do we really know?  
Ooo, do we know, are we ourselves?  
(Are we ourselves?)  
(Are we ourselves?)  
Are we ourselves?  
Do we really know?  
(Are we ourselves?)
