

Pretty On the Outside

Bullet for My Valentine

Whoa-oh-oh-ohWhoa-oh-oh-oh
Whoa-oh-oh-oh
So you wanna play
Games with my headBut you make me fall apartAnd wish that I was dead
I just can't believe I fell
For such a blackened heart
You played me for a fool
And used me from the startFUCK IT ALL! (FUCK IT ALL!)
I just want to know the truth
But the words from your mouth
They just cloud, all the negativity
Forces me down into (silence)
But still I can dream
I wanna know, I wanna know
If I tear you open wideTake a look inside
Are you pretty
Can I get inside your mind
See what I can findAre you pretty
So just take off that disguise
Everyone knows that your only
Pretty on the outside
Now I fucking hate you
With all of my heart
So just disappear
And never will I fear for my life
I just want to be aloneAnd never no never will I be unhappy and low
I wanna know, I wanna knowIf I tear you open wide
Take a look inside
Are you pretty
Can I get inside your mindSee what I can find
Are you pretty
So just take off that disguise
Everyone knows that your onlyPretty on the outside
You're so pretty on the outside
You're so pretty on the outside
So you wanna play, games with my head
But you make me fall apart and wish that I was dead
I can't believe I fell for such a blackened heartYou played me for a fool and just used me from
the start
I just wanna know the truth (But the words from your mouth)
All your negativity (You keep forcing me down)
Into silence I can dream (Into silence I can dream!)

Into silence I can dream!
If I tear you open wide
Take a look inside
Are you pretty (PRETTY!)
Can I get inside your mind
See what I can find
Are you pretty (PRETTY!)
So just take off that disguise
Everyone knows that your only
Pretty on the outside
Whoa-oh-oh-oh
You're so pretty on the outside
Whoa-oh-oh-oh
You're so pretty on the outside!
You're so pretty on the outside
