

# That Ain't My Truck

Rhett Akins

(verse one)

She's been going out with him  
She's been going out with me  
Said she'd let us know by tonight which one it would be  
So I waited by the phone  
But she never called me up  
Had to know what was going on  
So I drove by her house, and sure enough...

(Chorus)

That ain't my truck in her drive  
Man this ain't my day tonight  
Looks like she's in love and I'm out of luck  
That ain't my shadow on her wall  
Lord this don't look good at all  
That's my girl, my whole world  
But that ain't my truck

(verse two)

I pulled over by the curb  
I've been sitting here all night  
Wondering what it was I did so wrong that he did so right  
I thought of breaking down the door  
But there's nothing left to say  
That Chevy 4x4 says it all  
Sitting in my place

(Chorus)

That ain't my truck in her drive  
Man this ain't my day tonight  
Looks like she's in love and I'm out of luck  
That ain't my shadow on her wall  
Lord, this don't look good at all  
That's my girl  
My whole world  
But that ain't my truck  
That ain't my shadow on her wall  
Lord this don't look good at all  
That's my girl  
My whole world  
But that ain't my truck  
That's my girl  
My whole world  
But that ain't my truck

That's my girl... my whole world...(repeat to fade)
