

Supercell (feat. Veela)

Varien

Child of Iris
Calming crisis
You're invited to come down
Silver skin cells
Simply held
In a cradle, hopefully found
And if you're honest with me
If you aren't a liar
Then just give me what I need
Tell me where am I, home?
Supercell (I don't fit in here so well)
Supercell (I don't fit in here so well)
Supercell
I'm so sorry
That's my story
I know less than most do
Supercell (I don't fit in here so well)
Supercell
