

That's Cool

Silkk the Shocker

U know what I'm bout U know what I'm bout Yo Silkk ask Trina can she wobble that
thing...Where my niggas yo?

Where my ladies yo? Who you know could give it to you until you fall out

When you wake up - go by the mall out

Hop on the plane sperm or nothing never thawed out

Have her saying my name like Destiny's Child

Cause I go all out

Speaking more sex than money so talk with your tongue out

And sex unbelievable, plus the money never run out

I'm a thug so I walk the street with my gun out

Top up when the sun set, top down when the sun out

oh you want me, pushing up your number on the slick

Try to make the scene when I was in front of the click

how bout I pull the thongs off in the summer and shit

Laughing at my joke when it wasn't even funny and shit

She need a t-mac ms shaq she think that I ball

She know I'm a real nigga, plus she love that I'm tall

Checks again when she missed the phone, thinking I called

She wanna fall for me look, but she think I'm a dog

Need somebody with some doe

That's cool

Who gon keep it on the low

That's cool

Who gon do you right

That's cool

You need a soulja in your life, that's right You need a lover and a friend

That's cool

And if you broke when you see me nigga don't say shit

Cause I'm looking for a nigga that's filthy rich

Yo name Silkk, that's cool I'm a Silky bitch
