

# Ten Times crazier

[Blake Shelton](#)

Well I'm crazy about fast cars, football and guitars  
All them old country songs daddy used to play  
I'm crazy about Friday nights, cold beer and good times  
Crazy about a summer day out on the lake  
But I'm ten times crazier about your loving girl  
I'd do about anything you'd ask me to  
I'm just plain crazy about a lot of things baby  
But I'm ten times crazier about you  
Well I'm all about a weekend kickin' with my good friends  
Every now and then I like to make a little noise  
But don't you go thinking that I won't leave em hanging  
Cause even though I'm crazy about them good ol' boys  
I'm ten times crazier about your loving girl  
I'd do about anything you'd ask me to  
I'm just plain crazy about a lot of things baby  
But I'm ten times crazier about you  
I know you love me girl thats easy to see  
But as crazy as you say you are about me  
I'm ten times crazier about your loving girl  
I'd do about anything you'd ask me to  
I'm just plain crazy about a lot of things baby  
But I'm ten times crazier about you  
I'm ten times crazier about your loving girl  
I'd do about anything you'd ask me to  
I'm just plain crazy about a lot of things baby  
But I'm ten times crazier about you
