

Eagle Birds

The Black Keys

[Verse 1]
See twin eagle birds up
In the tree
One for you and there's
One for me[Verse 2]
When we thought we
Might be losing our minds
We saw the signs[Chorus]
Don't nobody wanna be lonely
Everybody oughta be loved sometime[Verse 3]
Feel you simmer down
In the pan
Feed me dinner right out
Of your hand
[Verse 4]
All night long I
Had you on my mind
Flying high[Chorus]
Don't nobody wanna be lonely
Everybody oughta be loved sometime
So love me right...[Verse 4]
You can search forever you might
Never find
A love so real that will
Heal like mine[Verse 5]
Eagle bird I
Heard you fly on by
Late last night
[Chorus]
Don't nobody wanna be lonely
Everybody oughta be loved
Don't nobody wanna be lonely
Everybody oughta be loved sometime
Love me right
Flying high
With you and I
