

Catch Up (feat. Mike WiLL Made-It)

Chloe x Halle & Swae Lee

I'm already, don't know
I said I've already talked to myself
Maybe it's true what they say 'bout you
You're in the loop if you knew what I knew You've been used at the hotel room
I smell the booze, not your cheap perfume
I'm quick to move on, don't get it confused
I have a future with shit to lose, (Go)Whoa, you better turn up (Oh)
Oh, now you better catch up (Oh)
Front to back, girl, jigga chimmy cha-cha, mmm
Front to back, girl, let me see you cha-cha, mmm
You wanna talk 'bout me, what about you?
You like to party and hang with your groupies now
And I was up at midnight pacing 'round the room thinkin' 'bout you
You turn your phone off, guess I will too I know you were at a hotel room
You've got her lipstick on your shirt, I'm no fool
I'm quick to move on, don't get it confused
I have a future with shit to lose
You're gonna lose me, so now IWhoa, you better turn up (Oh)
Oh, now you better catch up (Oh)
Front to back, girl, jigga chimmy cha-cha, mmm
Front to back, girl, let me see you cha-cha, mmm Oh, you angry, I'm just tryin' to party
Why you trippin' when I give you what you give to me?
You run a big game, well, baby, I can play
You gon' be trippin' when I give you what you give to me
Whoa, you better turn up (Oh)
Oh, now you better catch up (Oh)
Front to back, girl, jigga chimmy cha-cha, mmm
Front to back, girl, let me see you cha-cha mmm
