

Magic (feat. T.I.)

Future

Fishtailin' out the parkin' lot, leavin' magic
Two bad bitches and I got 'em outta magic
The way I make the work disappear, call it magic
Sippin' on the purple and the yellow drinkin' magic Fishtailin' out the parkin' lot, leavin' magic
Two bad bitches and I got 'em outta magic
The way I make the work disappear, call it magic
Sippin' on the purple and the yellow drinkin' magic Wala magic, wala magic, wala magic, wala
magic
Fishtailin' out the parkin' lot, leavin' magic
Sippin' on the purple and the yellow drinkin' magic On my way to Ashby, I forgot to do my taxes
Call my accountant, he gon' make it do magic
Had to get a driver just to drop me at the airport
The way I smoke the blunts man I burn 'em up like Newport
Fifty thousand dollars on superstar attire
K.E. and Young, Future bringin' non' but fire
All this them cash make a bitch wanna retire
Gotta drop a half of brick, you wanna put me on a flyer Excuse me but my lingo crazy
See these diamonds ain't none of 'em foogazey
Two bad bitches wanna fuck me the greatest
AMG in a brand new Mercedes Turn out the lot, I'ma do a one eighty
For the haters I'ma gon' head do a three sixty
Drinkin' on sprite, got lean all in it
I'm a astronaut nigga, better church my pimpin' Fishtailin' out the parkin' lot, leavin' magic
Two bad bitches and I got 'em outta magic
The way I make the work disappear, call it magic
Sippin' on the purple and the yellow drinkin' magic
Wala magic, wala magic, wala magic, wala magic
Fishtailin' out the parkin' lot, leavin' magic
Sippin' on the purple and the yellow drinkin' magic Billionaire boy that's a true inspiration
Learn to astronaut kid, no such things as limitations
Ridin' down twenty in the motherfuckin' spaceship Just left magic in the motherfuckin' basin
Two bitches trailin' in a Beamer outta Germany
Got a thing for me, don't wanna think for me
They like my energy I'ma embassy I know tricks like Kriss Angel
I ain't gon' trick but I can make you vanish
You'll disappear from yo past life
You'll reappear, go outta sight Pluto talkin' you hear me walkin', when you walkin'
I use to be fly but now I'm hawkin'
I was on earth and now I'm scifi, wala I stay high, my bitches on they high horse
I double back like two cups
And pull out in that new Porsche, skrr Fishtailin' out the parkin' lot, leavin' magic
Two bad bitches and I got 'em outta magic

The way I make the work disappear, call it magic
Sippin' on the purple and the yellow drinkin' magic Wala magic, wala magic, wala magic, wala
magic

Fishtailin' out the parkin' lot, leavin' magic
Sippin' on the purple and the yellow drinkin' magic
