

Beautiful (feat. Kevin Cossom)

Ace Hood

Hello, gorgeous, I miss the hood
Cassie, what's up? Good girl gone fuckin' bad
I thought she fuck me good
She askin' where the party at
She beautiful so she get away with it
And all of this and hoes to her makin' it Beautiful girl, hi, no matter who you are
Whether you're superstar
Whether you're [Incomprehensible]
You know I love you This one's for you, girl
This one's for you, girl
This one's for you, girl
This one's for you, girl
I think I met her 'bout a year ago
College girl, she was a Florida state seminole
Had a job at the mall, workin' ten to four
Hella fine, ain't a lie, y'all hear me though Soon I walkin' right up to her, "Hey, my name Ace"
She reply with a smile and said her name Shay
Very conservative, I love that
Fitted jeans, rockin' jaze in the snap back Yeah but I can see that she would kill a girl
See you hot in that physique, you better get it, girl
And you the ship but she don't know yet
Turn your rear, got a blossom, where you mama at? 'Cause all I wanna do is thank her
I'm usin' beautiful and gorgeous in the same verse
I swear I'm trippin', you just got me open
And hope that we can get acquainted when I'm highly open
Beautiful girl, hi, no matter who you are
Whether you're superstar
Whether you're [Incomprehensible]
You know I love you This one's for you, girl
This one's for you, girl
This one's for you, girl
This one's for you, girl And I just hope that's got you motivated
That's 'cause your body got me cultivated
Seein' you're fine, that's a loan I just can tolerate it
And all your friends say I'ma doubt every conversation Mad 'cause your smilin' more on a daily
basis
Tell me why they hatin', everything's accommodated
I'm just searchin' for your love but I'll be very patient
True story has a thing before we started datin' Say she never heard beautiful so many times
Silly guys approachin' with all the wrong lines
That's a reason for being single a long time
And all the roses I sent you, pleasure was all mine Yeah, women are beautiful in many ways

Confidence to stand, never let it wipe away
What's a man without a woman, I'm just here to say
Yeah, I'm just here to say Beautiful girl, hi, no matter who you are
Whether you're superstar
Whether you're [Incomprehensible]
You know I love you This one's for you, girl
This one's for you, girl
This one's for you, girl
This one's for you, girl
