

# Transformer (feat. Nicki Minaj)

## Future

Nicki Hendrix

RrrrTransformer, I just popped a transformer  
Lit the room up, all I did was hold my arm up  
Went through Barney's, I spent 20k on Amiri's  
Got my weight up, now I'm talkin' back to Siri  
Smashin' foreigners, murder shit at the coroner  
Jackie Joyner, racin' racks all summer  
Woke the don up, all I did was hold my arm up  
Top goin' up, it look like I lit the sun upGoin bonkers, I fuck with her, I'm her sponsor  
Go redundant, everything I do responsive  
Off the continent, everything is out the country  
No assumption, hit on the gas, start punchin'  
Park my confidence, hit the gas, barely functionin'  
Ain't no consciousness, I'm bout to spaz on this stallion  
Fuck a casualty, everything we did was lavishly  
Fuck a tragedy, all these sticks automatically  
Transformer, I just popped a transformer  
Lit the room up, all I did was hold my arm up  
Went through Barney's, I spent 20k on Amiri's  
Got my weight up, now I'm talkin' back to Siri  
Smashin' foreigners, murder shit at the coroner  
Jackie Joyner, racin' racks all summer  
Woke the don up, all I did was hold my arm up  
Top goin' up, it look like I lit the sun upWhat the fuck, I'm a have to pump brakes on these hoes  
Real shooters, I don't ever pump fake on these hoes  
Me-me-me and Pluto pull up in that new Ferrari drip  
Always eatin' Japanese so I'm a need wasabi dip  
Four-four four albums in, pull a milli' for a show  
While these bitches is servin' Milli Vanilli on the low  
Spent my money on some dope, where my money envelope?  
Transform into a Billy 'cause I  
really am the goat (Really am the goat)  
Transformer, I just popped a transformer  
Master bathroom, two jacuzzis and a sauna  
They ain't warn her  
Now she out here facin' karma  
Had a chance, but got at me now she's a goner  
Where my bad bitches? Fuck these niggas give them trauma  
Coulda fixed his life but now that nigga need Iyanla  
All his friends tryna kill it, eat it J.A. Dahmer  
Niggas snakes but, stupid, I'm the snake charmer  
This a different tax bracket, upper echelon

I'm still the bad guy, I am a Decepticon  
Some call me Nicki but some call me Megatron  
I'm stoppin' bags and I don't need a red octagon Transformer, I just popped a transformer  
Lit the room up, all I did was hold my arm up  
Went through Barney's, I spent 20k on Amiri's  
Got my weight up, now I'm talkin' back to Siri  
Smashin' foreigners, murder shit at the coroner  
Jackie Joyner, racin' racks all summer  
Woke the don up, all I did was hold my arm up  
Top goin' up, it look like I lit the sun up  
Thousand carats, ooh nigga Roger Rabbit  
Where the towel, bitch? Ooh we just fucked a balance  
Check my standings ooh, I just bought a palace  
Shawty baddest, ooh, and she from a pageant  
Fuck a daddy ooh, 'cause she call me "Zaddy"  
'Cause she call, 'cause she call me "Zaddy"
