

# My Dream

Paul Balancio

Far, far away, is a place I believed;  
To be real, to be real, to me.  
Far, far away, is a place I had dream;  
So it's real, it's real to me. Go on, I'm fine on my own.  
Go on, I'm right to be on my own.  
Cause I don't need to hold back;  
Need you to hold to;  
You are the one that will lead-  
Me away, away;  
Away from my dream  
Still, in the dark, I am troubled by my fears.  
It's over, over here.  
Wait, wait for me, said to me you said you troubled  
I am here, I will see, you here. Go on, I'm fine on my own.  
Go on, I'm right to be on my own.  
Cause I don't need to hold back;  
Need you to hold to;  
You are the one that will lead-  
Me away, away;  
Away from my dream  
Go on, I'm fine on my own.  
Go on, I'm right to be on my own.  
Cause I don't need to hold back;  
Need you to hold to;  
You are the one that will lead-  
Me away, away;  
Away from my dream
