

# Back to Life

Hailee Steinfeld

'Cause I'm bringing you back to life Our love's enough  
Transcending us through space and time  
It's holding up  
It keeps you and me intertwined What's a bad dream if you ain't trying to do it?  
What's a heartbreak if you ain't crying all through it?  
What's a sunset if you ain't riding into it?  
Let's drive into it 'Cause I'm bringing you back to life  
And I know that you're gone but I swear that you're here  
It's a feeling that won't disappear  
And you're bringing me back to life  
I was looking for something that I couldn't find  
It's a feeling you give me inside  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
'Cause I'm bringing you back to life  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
This feeling's coming back to life Our memories  
They're more than just our history (our history)  
They lift me up  
They flow like electricity (oh, oh, oh) What's a bad dream if you ain't trying to do it?  
What's a heartbreak if you ain't crying all through it?  
What's a sunset if you ain't riding into it?  
Let's drive into it  
'Cause I'm bringing you back to life  
And I know that you're gone but I swear that you're here  
It's a feeling that won't disappear  
And you're bringing me back to life  
I was looking for something that I couldn't find  
It's a feeling you give me inside Oh, oh, oh, oh  
Oh, oh, oh, oh  
'Cause I'm bringing you back to life  
Oh, oh, oh, oh  
Oh, oh, oh, oh I can see you in the night  
Coming through like flashing lights  
When the world is passing by  
Oh, oh, oh  
I can see you in the night  
Coming through like flashing lights  
When the world is passing by  
Oh, oh, oh 'Cause I'm bringing you back to life  
And I know that you're gone but I swear that you're here

It's a feeling that won't disappear  
And you're bringing me back to life  
I was looking for something that I couldn't find  
It's a feeling you give me inside  
'Cause I'm bringing you back  
'Cause I'm bringing you back  
'Cause I'm bringing you back to life  
'Cause I'm bringing you back to life  
And you're bringing me back  
And you're bringing me back  
And you're bringing me back to life  
This feeling's coming back to life Oh, oh, oh, oh  
Oh, oh, oh, oh  
'Cause I'm bringing you back to life  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
This feeling's coming back to life
