

# Pieces

## Dinosaur Jr.

Peel me back, seal the crack  
No excuse, a piece is loose  
Grab the wheel and feel the pieces of our love  
Wrapped inside me, but I wouldn't want it judged  
Our love, our love I can't stay, you won't wait  
Meet me there, of course it's fair  
Give it time to find the pieces of our love  
Wrapped around me, they're the pieces I can't touch  
Of our love, our love  
Can you hold me now  
Can you wave a hand and suddenly there's no more doubt  
Can you make it so  
Can you bring a smile that makes me forget I don't know I can wait  
Is it too late  
I'm not sure, I'll take your word  
I need some help to grab the pieces of our love  
Wrapped inside me, like you couldn't hurt enough  
Our love, our love  
Our love, our love
