

# Come Dig Me Out

[Kelly Osbourne](#)

They wanted me to be the dream  
My mood went south  
And I'm stuck on the couch with bad jeans  
And the couch sucks me down to the floor  
And the floor sucks me down to the earth  
And I'm covered and buried before  
My heart had a chance to start workin'Hey, it's heavy underground  
I'm screamin' for attention  
So come dig me outAnd I said, "Hey somebody can you hear me now  
'Cause my world is cavin' in"  
So come dig me out  
Come dig me out, come dig me out  
It's rainin' again and who've guessed  
No one's come along to tell me that I'm a mess  
And the bed sucks me down to the floor  
And the floor sucks me down through the earth  
And I'm covered and buried before  
My head had a chance to stop hurtin'Hey, it's heavy underground  
I'm screamin' for attention  
So come dig me outAnd I said, "Hey somebody can you hear me now  
'Cause my world is cavin' in"  
So come dig me out  
Come dig me out, come dig me out  
Come dig me out, come dig me outI never thought I could fall ten feet under  
I always thought someone would remember  
To look for me  
Before I reach the end  
Hey somebody can you hear me now  
'Cause my world is cavin' in  
So come dig me out  
Come dig me out, so come dig me out  
So come dig me out, so come dig me out  
So come dig me out
