

Big Shoes (feat. Yazz & Cassie)

Empire Cast

[Intro: Yazz]

It's that new sound

It's Hakeem

What up, baby?[Chorus: Serayah & Yazz]

Big shoes, big shoes

My new one got some really big shoes to fill

Made moves, made moves (moves)

I moved on, but I think about you for real

Big shoes, big shoes (big shoes)

My new one got some really big shoes to fill

Made moves, made moves (moves)

I moved on, but I think about you

I still, think about you, for real

Think about you, I still, think about you, for real

Think about you, 'bout you

[Verse 1: Yazz, Serayah, Both]

Been thinking about your body in the worst way

A good god almighty, lord all mercy

That birthday sex like errday

Reminiscing over you like Mary J

I still think about you touching on my body

Still thinking about you, I don't wanna fight it

You're the one that got me thinking 'bout calling

I'm a sexaholic, sexaholic for you[Chorus: Serayah & Yazz]

Big shoes, big shoes (big shoes)

My new one got some really big shoes to fill

Made moves, made moves (made moves)

I moved on, but I think about you for real

Big shoes, big shoes (big shoes)

My new one got some really big shoes to fill

Made moves, made moves (moves)

I moved on, but I think about you

I still, think about you, for real (for real)

Think about you, I still (still) think about you (still), for real (for real)

Think about you, bout you

[Bridge: Yazz]

Ah, yeah

I be having dreams, having moments (moment)

All up in your timeline trollin' (I can see that)

Staring at your pics and how you posin' (ow)

I'm frozen, mouth wide open[Bridge: Serayah & Yazz, Both]

I feel like I need to feel it again

Til lights out, I'll come kill it again
A milli, a milli, a million
Times in a row, a zillion though
I'm missing you like you're missing me anyhow
Yeah, you missing what I'm missing
Yeah, it's been a while
You're the one that got me thinking 'bout calling
I'm a sexaholic, sexaholic for you [Chorus: Serayah & Yazz]
Big shoes, big shoes (big shoes)
My new one got some really big shoes to fill
Made moves, made moves (made moves)
I moved on, but I think about you for real
Big shoes, big shoes
My new one got some really big shoes to fill
Made moves, made moves (made moves)
I moved on, but I think about you
I still, think about you, for real (for real)
Think about you, I still, think about you, for real (for real)
Think about you, 'bout you
I still, think about you, for real
Think about you, I still (oh yeah), think about you, for real (real)
Think about you, 'bout you [Outro: Serayah & Yazz, Both]
Big shoes, big shoes (big shoes, for real)
Big shoes, big shoes
Hit the dance floor, c'mon
