

# My Beautiful Boy

## Phosphorescent

I know we carried on late  
I know my head ain't on straight  
I know you ain't gonna hear me babe I know you ain't even awake  
Hey but when I can see you love  
Hey I can really believe in love  
My beautiful boy Honey this world ain't never fair  
And hey there's trouble everywhere  
But I see your body lying there  
I see the moonlight in your hair  
Hey you got nothing to doubt or fear  
Hey not as long as I'm standing here  
My beautiful boy  
My beautiful boy  
I couldn't fit it in these lines  
My beautiful boy  
I couldn't fit it in to rhyme  
Hey when I can see you love  
Hey I can really believe in love  
My beautiful boy They say that heaven ain't so bad  
But for heaven's sake now ain't it sad?  
Just what in heaven would I do?  
Just walk around and look for you  
And what if you wasn't there?  
And what if I wasn't there  
My beautiful boy  
My beautiful boy  
I couldn't fit it in these lines  
My beautiful boy  
I couldn't fit it in to rhyme  
But when I can see you love  
I can really believe in love  
My beautiful boy
