

Jennie

Parachute

Neon, Vacant
Boardwalk, Pavement
Summer's finally giving up
Salt air, Sunset
Chasing something
Driving, Wondering
Where she's gone
Headlights on
as I'm speeding down the road I never turned
Tell myself
if I'm fast enough I'll finally get to her
Jennie, come back
You're the one I needed
I still, feel you, in my arms
And now, I know better
There's no going back at all
I was sleeping and I've finally woken up
Dark sunglasses
Bleach blonde, tan skin
I still see it, the way she smiled
On beach days she'd swim
I didn't know it but
I was blinded by her light
Her waved had crashed
And passed me by
Jennie, come back
You're the one I needed
I still, feel you, in my arms
And now I know better
There's no going back at all
I was sleeping and I've finally woken up
Love is the ocean
You either jump in or you don't
She was the current
You're either with her or your not
And I'll never catch up
Because I waited too long
Time is a straight line
And life always goes on
Jennie, come back
You're the one I needed
I still, feel you, in my arms

And now I know better
There's no going back at all
I was sleeping and I've finally woken up
Jennie come back
You're the one I needed
I still feel you in my arms
And now I know better
There's no going back at all
I was sleeping and I've finally woken up
Jennie come back
You're the one I needed
I still feel you in my arms
And now I know better
There's no going back at all
I was sleeping and I've finally woken up
Jennie come back
You're the one I needed
