

# I've Got It Bad

[Edwyn Collins](#)

There's something intriguing about you, that's for sure  
Seems like you walked right out of my past  
Oh, you swore we never met before?  
And I know the reasons why you're shy  
Of these feelings that we can't deny But it's not forbidden, why keep it hidden  
I know your love is tender and warm  
Caught in your head lights shimmering bright  
'Cause you got it on and I've got it bad  
Some kind of magic about you, I can't explain  
And now you put your spell on me  
And I know I'll never be the same  
And I'm wondering is it self deceit  
'Cause without you I feel incomplete But it's not forbidden, why keep it hidden  
I know your love is tender and warm  
Caught in your head lights shimmering bright  
'Cause you got it on and I've got it bad And I can still see you when I asked if you would stay  
Well you looked right through me when you turned and walked away  
But intuitively I knew that someday I'd make you mine  
And even though our pasts were a skew, I knew they'd cross in time And it's not forbidden, why  
keep it hidden  
I know your love is tender and warm  
Caught in your head lights shimmering bright  
'Cause you got it on and I've got it bad  
You've got it on, I've got it bad  
You've got it on, I've got it bad  
You've got it on and I've got it bad  
And I can still see you, I can still see you  
I can still see you, yes, I can still see you
