

# As You Are

## Daughtry

[Verse 1]

You're feeling isolate, and all kinds frustrate  
But I love you as you are, love you as you are, yeah  
And don't worry about the hate  
It don't fit in those boxes they create  
And it's tearing you apart, it's tearing you apart, yeah[Pre- Chorus]  
And when you build those walls to keep you safe  
It's like a prison you can't escape  
You tear them down, you just might hear me say

[Chorus]

I love you as you are  
I love you as you are  
And when the whole damn world don't know, what they got 'til it's gone, I love you  
I love you as you are  
I love you as you are  
And when the whole damn world don't know  
What they got 'til it's gone, I love you  
I love you as you are[Verse 2]

You can come out of the shadows  
They're only scared of what they don't know  
But I love you as you are, love you as you are, yeah  
Yeah, you waged this war within yourself  
Wasting time dying in a shell  
They don't define you, just know they never will

[Chorus]

I love you as you are  
I love you as you are  
And when the whole damn world don't know, what they got 'til it's gone, I love you  
I love you as you are  
I love you as you are  
And when the whole damn world don't know  
What they got 'til it's gone, I love you  
I love you as you are, yeah  
I love you as you are[Partial Verse 1]

You're feeling isolate, and all kinds frustrate  
But I love you as you are, love you as you are, yeah[Chorus]  
I love you as you are  
I love you as you are

And when the whole damn world don't know, what they got 'til it's gone, I love you  
I love you as you are  
When the whole damn world don't know  
What they got 'til it's gone, 'til it's gone, 'til it's gone

I love you as you are, yeah  
I love you as you are, yeah  
When the whole damn world don't know, what they got 'til it's gone  
I love you as you are
