

# Don't Tell Me

## Blancmange

I'll stay with you until the end  
I say you'll let me be your friend  
I'll say you'll let me in the end  
I just want to be your friend. How can I be sure you're breaking all the rules  
How can I be sure I should be high above  
I climbed a mountain reaching for the skies  
And all too soon I jump the moon and find I'm losing my mind. Don't tell me I'm the howling  
wind  
Don't tell me you're the wounded star  
And don't tell me I'm the devil's friend  
Don't tell me  
Don't tell me  
I've gone too far.  
I didn't hear you as you left my room last night  
Don't turn your back on me  
I didn't hear you as you left the room last night  
Please return and set me free. I climbed a mountain reaching for the skies  
And all too soon I jumped the moon and find the sun burns my eyes. Don't tell me I'm the  
howling wind  
Don't tell me you're the wounded star  
And don't tell me I'm the devil's friend  
Don't tell me  
Don't tell me  
I've gone too far. I can't get a grip on  
I can't get a grip on  
I can't get a grip on you  
I can't get a grip on  
No  
No  
Can't get a grip on.  
I say you'll let me in the end  
I say you'll let me be your friend.  
I maybe asked this once before  
Don't you love me any more?
