

Her Man

Gary Allan

I'm gonna change my way of doin' things around here
well, I'm turning over a new leaf, gonna get myself in gear
'Cause I've got a woman who's better than most,
and I've made a mess of her plans,
Startin' today, all I'm gonna be is her man 'Cause I've been a wild catter, and a go-go getter
Been an S.O.B. right down to the letter
I've had misadventures, I've even got pictures
I'm even more than I can stand
But startin' today, all I'm gonna be is her man
I'm gonna give it all back, 'cause all I've done is take
Well I've put her on the back burner while I was out on the make
But I've got a woman who's good enough to give me
A second chance again
And startin' today, all I'm gonna be is her man
'Cause I've been a wild catter, and a go-go getter
Been an S.O.B. right down to the letter
I've had misadventures, I've even got pictures
I'm even more than I can stand
startin' today, all I'm gonna be is her man I'm a little bit late but I'm wisin' up
Now I'm takin' her by the hand
And startin' today, all I'm gonna be is her man
