

Can't Take It No More (feat. Walter Trout)

Supersonic Blues Machine

Always mistaken, offended and beaten.
So should you be the men?
All that was spoken, the promises broken
And nothing you could have done. But there's something you can do
And all you gotta do
Is be a man, take a chance
That's all I am gonna say I know we can do it
It's a matter of "when"
But it's your resistance
I don't understand Ride the flow of emotions
If we want we could
Side by side in commotion
...Just can't take it no more
Taking a ride, taking it slow,
Taking it day by day,
It's like being full of stitches, your bones are all aching
And no one seems to care And all you gotta do,
I said, all that you gotta do,
Is take your stand and jump that fence
I know that you'll understand You know we can do it
It can be done,
Starting to question
And write one more song Ride the flow of emotions
If we want we could
Side by side in commotion
...We all need that too.
I'll catch you, can't go wrong
I'll catch you, I can't take it no more
I can't take it no more I've been called a dreamer
It's not all that wrong
But count on me brother
My back's holding strong Lose all of your notions
Turn color blind
Fight the resistance
And wake up your mind Ride the flow of emotions
...If we want we could
Side by side in commotion
...We all need that too. Ride the flow of emotions
... We all need that too
Side by side in commotion
...We all need that too.
