

All the Same

Sick Puppies

I dont mind where you come from
As long as you come to me
But I dont like illusions I cant see
Them clearly
I dont care, no I wouldn't dare
To fix the twist in you
You've shown me eventually what you'll do
I dont mind
I dont care
As long as you're here
Go ahead and tell me you'll leave again
You'll just come back running
Holding your scarred heart in hand
It's all the same
And I'll take you for who you are
If you take me for everything
And do it all over again
It's all the sameHours slide and days go by
Till you decide to come
But in-between it always seems too long
Suddenly
But I have the skill, yeah
I have the will, to breath you in while I can
However long you stay is all that I amI dont mind, I dont care
As long as you're here
Go ahead and tell me you'll leave again
You'll just come back running
Holding your scarred heart in hand
It's all the same
And I'll take you for who you are
If you take me for everything
And do it all over again
It's always the sameWrong or Right
Black or White
If I close my eyes
Its all the sameIn my life
The compromise
I'll close my eyes
Its all the sameGo ahead say it
You're leaving
You'll just come back running
Holding your scarred heart in hand

It's all the same
And I'll take you for who you are now
If you take me for everything
Do it all over again
It's all the same
