

# Said the People

## Dinosaur Jr.

I been starin', I been starin' into space  
Always tired, not a smile, such a waste I don't wanna, I don't wanna know  
I can't tell you, I just have to go Of all the people, of all the people to let me down  
Of all the people, of all the people, why now  
Save me, save me  
Save me, save me Bring me something, bring me something I can use  
Well here's one thing, but it's not the one I choose  
I can't help it, hope you show up soon  
I can't help it, I'm countin' on you  
Of all the people, of all the people to let me down  
Of all the people, of all the people, why now  
Save me, save me  
Save me, save me Can you tell me, can you tell me what went wrong  
Guess I shoulda seen it comin' all along  
Gotta fight it, I gotta be strong  
Gotta be something, can't let it drag on and on  
Of all the people, of all the people to let me down  
Of all the people, of all the people, why now  
Save me, save me  
Save me, save me
