

U.S. Steel

RKL

U.S. Steel stock is down,
Wealthy rich stock holders frown.
IBM, computers for just another godly war.
They're gonna drop a bomb.
No more trace.
Your limbs are gone...
No escape!
Sent to kill soldiers
Go 'cause their country told them so...
Green Berets can torture, too.
Killing children they never knew.
They're gonna drop a bomb.
No more trace.
Your limbs are gone...
No escape!
They're gonna drop a bomb.
No more trace!
Your limbs are gone...
And there's no escape!
