

County Fair

Chris LeDoux

Been workin like a dog
slavin on the fence line
stretchin those wires tight
diggin and tappin
and sweatin in the sunshine
but I get off tonight
I got a date with a girl
a pretty ranchers daughter
green eyes and golden hair
gonna pick her up at 8
after some soap and water
and we're headed
to the county fair
Chorus
Well there's a full moon
in the western sky
and there's magic in the air
ain't nothin I know in the world
can make you fall in love
like a night at the
county fair
Well we walked
through the midway
lights and the laughter
and she puts her
little hand in mine
well she don't act
like she knows
what I'm after
but tonight
I'm gonna make her mine
you know the
tunnel of love
it ain't my style
so I take her
on the ferris wheel
way up in the sky
with the stars in her eyes
gonna tell her
just how I feel
Chorus
Well I know monday mornin
I'll be back on the fence line
But I'll be alright

cause that pretty little girl
said she's gonna
be all mine
and I'll her
next friday nightChorusAin't nothin I know in the world
can make you fall in love
like a night at the
county fair
