

# I've Been Waiting (feat. iLoveMakonnen)

## Lil Peep

[Intro: Lil Peep]

Woah, yeah[Verse 1: iLoveMakonnen & Lil Peep]

I've been waiting (I've been waiting)

I've been waiting up 'cause I can't get enough, oh

I feel I'm fading (Yeah)

When I fall apart, your needle starts my heart, oh[Refrain: iLoveMakonnen]

Fuck me up and make me just go crazy

Addicted to the pain that you just made me love

I'm dreamin' for your touchin' on the daily

You're the only one that I want

[Pre-Chorus: Lil Peep]

Break my heart but don't tell me I'm not doin' fine

'Cause I'll do it fine

Let me go, I'm spendin' time

Not doin' fine but I'll do it fine[Chorus: iLoveMakonnen]

Why you actin' vain for my love, vain for my love

When you got everything that I want?

Why you actin' vain for my blood, vain for my blood

When you got everything that I want?

Why you actin'[Verse 2: Patrick Stump]

I been dreamin'

Of your uniform, your uniform of non-conformity

The tears, the tears

Tears aren't strong enough, the years aren't long enough, no

[Refrain: iLoveMakonnen]

Fuck me up and make me just go crazy

Addicted to the pain that you just made me love

I'm dreamin' for your touchin' on the daily

You're the only one that I want[Pre-Chorus: Lil Peep]

Break my heart but don't tell me I'm not doin' fine

'Cause I'll do it fine

Let me go, I'm spendin' time

Not doin' fine but I'll do it fine[Chorus: iLoveMakonnen]

Why you actin' vain for my love, vain for my love

When you got everything that I want?

Why you actin' vain for my blood, vain for my blood

When you got everything that I want?

Why you actin' vain?[Post-Chorus: Patrick Stump]

It's hard to miss you when you are always on the tip of my tongue

I feel like I'm looking for somethin', somethin' that'll never come[Verse 3: Patrick Stump]

Call me when you're in the city again

My head just went oblivion

It's hard to miss you when you are always on the tip of my tongue  
(Always on the tip of my tongue)[Verse 4: iLoveMakonnen & Lil Peep]  
And now the time is right, you wanna do me so wrong  
Now the time is right, you wanna do me so wrong  
When I've been waitin' (I've been waitin')  
Long for you (Long for you)[Bridge: Lil Peep]  
I wanna drink my wine, I wanna pass that by  
I wanna make her cry, she wanna make me die  
Apple pie, six cigarettes  
And I'll cast a vibe that we can't forget[Chorus: iLoveMakonnen & Patrick Stump]  
Why you actin' vain for my love, vain for my love  
When you got everything that I want?  
Why you actin' vain for my blood, vain for my blood  
When you got everything that I want?  
Why you actin' vain?[Post-Chorus: Patrick Stump]  
It's hard to miss you when you are always on the tip of my tongue  
I feel like I'm looking for somethin', somethin' that'll never come[Outro: Lil Peep &  
iLoveMakonnen]  
I'll be waiting (I'll be waiting)  
I'll be waiting (For you)  
And now the time is right, you wanna do me so wrong  
And now the time is right, you wanna do me so wrong  
(I'll be waiting for you)
