

Stepson

Foals

Step by aching stepson
And you'll fall into the blue
And you'll fall into the blue
Oh, I'm coming down for you Step by aching stepson
And I'll lead you by the hand
And we'll fall into the blue
Oh, I'm coming down for you
Oh, I'm coming down for you
But I'm falling deeper now I go
And I'm falling down the grounds beneath the road
And I'm falling deeper down I go
And I'm falling deeper now I know And I'm falling deeper down the shore
And I'm falling as the rocks way down below
As the rocks way down below
As the rocks way down below Step by aching stepson
And you'll fall into the blue
And you'll fall into the blue
Oh, I'm coming down for you Step by aching stepson
And I'll lead you by the hand
And we'll fall into the blue
Oh, I'm coming down for you
Oh, I'm coming down for you
Coming down for you
Coming down for you
Coming down for you
Coming down for you
Coming down for you
