

# Bakumbe (feat. Sam Amidon)

## Jacob Collier

Oh, Bakumbe, whatcha know?  
Up the mountain down below  
I can feel the wind begin to blow  
Open up that old window  
Open up and let him go  
Round and round the world we go  
Oh, Bakumbe Djesse, come back home  
Singin' now's the time to let him go  
Open up that old window  
Open up and let him go  
Let him go, na na  
Let him go, na na, oh  
Oh, Bakumbe, whatcha know?  
Up the mountain down below  
I can feel the wind begin to blow  
Open up that old window (Open up that window)  
Open up and let him go  
Round and round the world we go (Round we go)  
Oh, Bakumbe Djesse, come back home  
(Wanna come sing)  
Now's the time to let him go (Let him go)  
Open up that old window  
Open up and let him go  
Let him go, na na, oh  
Let him go, na na, oh  
Let him go, na na, oh  
Let him go, na na, oh  
Let him go, na na, oh  
Let him go, na na, oh  
Let him go, na na, oh  
Let him go, na na, oh  
Let him go, na na, oh  
Oooh, Djesse let him go (Djesse let him go)  
Don't know nothin' 'bout me  
Don't know nothin' 'bout me
