Medicine Man taking off never to land
United we fall, together we stand
I pop a whole she took a half
I'm feeling gold she lookin tan
It never gets old she never gets mad
We too high to fuck, I never hit that
Cotton candie sweet as gold
Make that pussy open close
She take her meds up her nose
Looking like she smell a rose
It says Hermes on my clothes

I fucked her off one of those
She act like she saw a ghost
