

# The Past (feat. Chris Daughtry)

## Sevendust

Beneath the water  
that's falling from my eyes  
lays a soul I've left behind  
the edge of sorrow was reached but now I'm fine  
I've filled the hole I had inside I'll pray it doesn't scream my name  
so I light a flame and let it breathe  
the air that kills the shame I'm up  
I'm down  
like a rollercoaster racing through my life  
I've erased the past again  
a risky morning  
I feel like I'm alive  
I can't believe I've made it through this time  
the edge of sorrow I lived in for some time  
(lived in for some time)  
has left the hole I have inside The burden is I try my hate  
was the last thing I ever felt  
or thought I could escape I'm up  
I'm down  
like a rollercoaster racing through my life  
I've erased the past again You let me in then broke me down  
the difference is this time around  
I will not let you see me try  
I'm up  
I'm down  
like a rollercoaster racing through my life  
I've erased the past again Erased the past again now  
Erased the past again Beneath the water  
that has fallen from my eyes
