

# No Solidarity (feat. Ky-Mani Marley)

## Gentleman

Them have no no solidarity no solidarity  
Them no got no love at all  
Them no want no unity  
no solidarity no solidarity  
Them no want togetherness no equality  
no solidarity no solidarity  
Them no got no love at all  
Them no want no unity  
no solidarity no solidarity  
can we find some love and unity

I'm talking for the people who don't have a voice burning our surroundings where them don't  
have a choice where others have it easy that don't have it nice facing daily struggles for a  
handful of rice and the leaders that surround them ago round them with lies separate the people  
with them military ties people a die like flies don't you think it's time to step in a the footsteps  
of Christ yeah

Hey why are we fighting for the leaves  
when the strength is in the root  
like love is in the truth  
destroying all the seeds  
they is fighting for the fruit  
victimizing our youth

Them have no no solidarity no solidarity  
Them no got no love at all  
Them no want no unity  
no solidarity no solidarity  
Them no want togetherness no equality  
no solidarity no solidarity  
Them no got no love at all  
Them no want no unity  
no solidarity no solidarity  
can we find some love and unity

when the strength is in the root  
like the love is in the truth yeah  
destroying all the seeds (oh yes)  
they is fighting for the fruit  
victimizing our youth

Them have no no solidarity no solidarity

Them no got no love at all  
Them no want no unity

Them no want togetherness no equality  
no solidarity no solidarity  
Them no got no love at all
