

# BBQ Sauce (feat. Pharoahe Monch)

## Sean Price

[Hook]

Nigga, when they see him they say 'that's that nigga'  
His last name should have been 'That's that nigga'  
Sound kinda nice, that's that nigga  
Never catch 'em with them plastic half ass niggas  
When you hear it you should hashtag niggas  
Since birth, a little bad-ass nigga  
White people please, do not recite the chorus  
If you do we'll wash your mouth with livores, nigga

[Verse 1: Sean Price]

Listen, and the boy better  
I do it for real, you acting Andrew Lloyd Webber  
Real McCoy leather from the back of the cow ass  
The culture power will kill you, fuck if the four blast  
I said the same thing twice  
Telephone gut, my nigga, the thing ring twice  
You a cock diesel, nigga, extra ginseng tight  
I'm a pop eagle, nigga, when the thing ring twice  
Sean is the first name  
Fifth fire first, motherfucker, the first fame  
Earthlings leave their face in the street  
You pick up your face and wait for police  
But the father do floss  
I make your mom suck my d! ck with barbecue sauce

[Hook: Pharoahe Monch]

Bafa shiki

Four fifth knocking you, rocking you, die from leaking  
Popping your beanie for rocking a hot bikini  
Transgender, leaving your man injured  
You perputrating a fraud, penetrating the floyd  
Wild dance moves, you be demonstrating on boys  
Two slaps and I'm deading ya  
Give a nigga a lesson on how to catch a predator  
Nigga, I'm a ride on every

Niggas crossdressing, the essence of Tyler Perry  
Fucking can-can dancing, blam blam and son  
Shucking and jiving, man-tan advancing  
I show no love  
Bozo thugs when you throw those darts  
I ain't believing in y'all  
Make your mom suck my d! ck with blue cheese on my balls[Hook: Pharoahe Monch]
