

Something Goes Right (feat. Sampha)

SBTRKT

Here something goes right here,
Something goes right here,
Something goes right.
And your hoping that it goes right,
That it goes right,
That it goes right,
You wouldn't even hold,
You wouldn't even care,
You wouldn't, no, you wouldn't even care.
But i've been in the dark,
I've been in the dark,
I've been in the dark. Standing in dream world,
Sitting next to you.
Up in the clouds,
Up up in the clouds,
Up up in the clouds.
Sitting on the edge,
Looking down at the end road.
Looking up into space,
Up up into space,
Up up into space.
Is it better to let you go,
Or is better to let you know,
That you should t t t t take it,
That you should t t t t take it back.

X2

I've only got my self self self to blame,
Lots i'm thinking things will never change.
These feelings flooding back still still remain,
I was always hurt. And i've been feeling like this most, most of my life, woah.

I've been feeling like,
Things ain't gona change!
Things ain't gona get that better.
Is it better to let you go,
Or is it better to let you know.
That you should t t t t take it.
That you should t t t t take it back.

X2

I keep on having these conversations,
And p p p p praying
I keep on staring at these constellations,
And p p p p praying. And it's a bitch the thoughts that keep escaping,

I wish that they were staying,
So something could go right, go right,
And something will go right, go right.

Don't you break it down,
Don't you bring me down.
Don't you bring me down.

X2

Is it better to let you go,
Or is it better to let you know.
That you should t t t take it.
That you should t t t take it back.
X2Here something goes right here,
Something goes right here,
Something goes right.
And your hoping that it goes right,
That it goes right,
That it goes right,
You wouldn't even hold,
You wouldn't even care,
You wouldn't, no, you wouldn't even care.
But i've been in the dark,
I've been in the dark,
I've been in the dark.Standing in dream world,
Sitting next to you.
Up in the clouds,
Up up in the clouds,
Up up in the clouds.Sitting on the edge,
Looking down at the end road.
Looking up into space,
Up up into space,
Up up into space.
