

Dirty Little Mind

Jackyl

Dirty little mind
Dirty little mind
Dirty little mind Well I licked her clean from head to toe
I took her down for the count she was ready for more
And you know she's got a dirty little mind The way she walks, the way she grooves
I have to strap her down to keep up with her moves
She's got a dirty little mind She's got a dirty
Dirty
Dirty
Dirty
A dirty little mind
A dirty little mind
Stretched out in the night, what do I feel?
I feel so good it just can't be real
She's got a dirty little mind Makes me smile, makes me glad
She's B A D, yeah man, she's bad
And you know she's got a dirty little mind She's got a dirty
Dirty
Dirty
Dirty
A dirty little mind
A dirty little mind She's got a dirty
Dirty
I said a dirty
Dirty
A dirty little mind
A dirty little mind
And I know what she's thinking
Yes I know what's on her mind
You've got to know, my body's sinking into her mind And I know she'll never let go
'Coz I've got her on a stick
Stick, stick, stick, stick She's got a dirty
Dirty
Dirty
Dirty
A dirty little mind
A dirty little mind
