

# Take Me to the Bottom

## The Cadillac Three

Top of the world, looking at you  
Through a red wine haze  
Shaking my head, watching you dance  
Girl, you move like a wave  
Slow and steady washing over me  
Concrete shoes just a wild sink  
I could feel you pulling me in, yeah Your love is like the Mississippi River  
Your hands like a preacher, baby  
I'm a new believer  
Hold me down, down, down, down, down  
Fill me up, girl, let me drown  
If you want my heart  
If you want my soul  
You gotta take me to the bottom  
Every little kiss is like  
Water filling up my lung  
Every little touch is a last breath  
Feeling like I'm done  
Slow and steady washing over me  
Concrete shoes just a wild sink  
I can see you pulling me in, yeah Your love is like the Mississippi River  
Your hands like a preacher, baby  
I'm a new believer  
Hold me down, down, down, down, down  
Fill me up, girl, let me drown  
If you want my heart  
If you want my soul  
You gotta take me to the bottom  
Your love is like the Mississippi River  
Your hands like a preacher, baby  
I'm a new believer  
Hold me down, down, down, down, down  
Fill me up, girl, let me drown  
If you want my heart  
If you want my soul  
You gotta take me to the bottom
