

The Mark of the Gun

Deathstars

The barrel looked her
Deep in the eye
As she said; "I want you"
She looked the gun
Deep in the eye
The gun said; " I Want you too"Doom, strikes the tame today
Bodies in a huge ashtray
Your life spells; "DEATH!"
Well the D is for Destroy
Under the gun
The E is for Enforce
Under the gun
The A is for Absolute
Under the gun
And D is for Darkness
"DEAD" The mark of the gunThe razor smiled
At the pale wrists
The writs said;
"Let me smile for you"
They razor kissed
To open the skin
And then said;
"Now you're smiling too"
I control you with my hand
The reasons you retrieved
The deeds you did, my friend
The panic of this eveWell the D is for Destroy
Under the gun
The E is for Enforce
Under the gun
The A is for Absolute
Under the gun
And D is for Darkness
"DEAD" The mark of the gunThe barrel looked her
Deep in the eye
As she said; "I want you"
She looked the gun
Deep in the eye
The gun said; " I Want you too"But did you ever see that
The crimes of did were alright
But will you ever taste that
The certain wet taste of frightWell the D is for Destroy

Under the gun
The E is for Enforce
Under the gun
The A is for Absolute
Under the gun
And D is for Darkness
"DEAD" The mark of the gunE... (The mark of the gun)
D... (The mark of the gun)
