

Bring Em Out

Hawk Nelson

All the girls and the boys
And people making noise
Just let me hear you shout -
Bring 'em out! Bring 'em out!
Pump up your fist
If you twist like this
'Til the lights go out -
Bring 'em out! Bring 'em out! All the girls and the boys
And people making noise
Just let me hear you shout
Bring 'em out! Bring 'em out!
Pump up your fist
If you twist like this
'Til the lights go out
Bring 'em out! Bring 'em out!
Katie,
I don't know why I even try
'Cause lately
You're always out with other the guys
Pretty baby
Don't you know I'll treat you right
I'll go crazy
If you pass me up tonight Hey - Hey - Hey Hey!
Hey - Hey - Hey Hey Hey! All this time can't get it off my mind
Dance the night away
Keep rocking with me
When the grooves alright
Rocking all night
I want to hear you say
All the girls and the boys
And people making noise
Just let me hear you shout
Bring 'em out! Bring 'em out!
Pump up your fist
If you twist like this
'Til the lights go out
Bring 'em out! Bring 'em out! Wake up
I'm calling you up I need a ride
We're gonna shake up
So hurry it up no wasted time
The girls in their makeup
In black and white

Exchanging looks tonight
I just ran into some other friends of mine
Someone's coming 'round to pick them up at nineHey - Hey - Hey Hey!
Hey - Hey - Hey Hey Hey!All this time can't get it off my mind
Dance the night away
Keep Rocking with me
When the grooves alright
Rocking all night
I want to hear you say
