

Signal Fire

Snow Patrol

The perfect words never crossed my mind
'Cause there was nothing in there but you
I felt every ounce of me, screaming out
But the sound was trapped deep in me All I wanted just sped right past me
But I was rooted fast to the earth
I could be stuck here for a thousand years
Without your arms to drag me out There you are, standing right in front of me
There you are, standing right in front of me
All this fear falls away to leave me naked
Hold me close, 'cause I need you to guide me to safety
No, I won't wait forever
No, I won't wait forever In the confusion and the aftermath
You are my signal fire
The only resolution and the only joy
Is the faint spark of forgiveness in your eyes There you are, standing right in front of me
There you are, standing right in front of me
All this fear falls away, you leave me naked
Hold me close, cause I need you to guide me to safety
There you are, standing right in front of me
There you are, standing right in front of me
All this fear falls away to leave me naked
Hold me close, cause I need you to guide me to safety
No, I won't wait forever
No, I won't wait forever
No, I won't wait forever
