

# Subaru Crosstrek XV

## Hobo Johnson

I just bought a Subaru Crosstrek  
I woulda bought a Lambo but I'm not quite there yet  
Sometime I get drunk, and I forget what  
day it is

I wish that I was skinnier, but I love sandwiches  
One time, I tried to burn a stage and clear the vibe  
But the smoke alarm went off, and my ex-girl cried  
She cried for a bunch of other reasons  
I'm never going back to Four Seasons  
I wish that I was friends with Drake  
So I could dig through his trash  
And have a yard sale today  
Damn, I wish my name wasn't Frank  
Fuuck, I wish it was Blake  
I learned a lot from my dad  
Like how to yell a lot  
And make cars go fast

I wish that I was in the league  
I'm a number one pick with two bad knees, go  
I just bought a Subaru Crosstrek  
I just bought a Subaru Crosstrek  
They're both pretty reliable  
But I got in a couple accidents  
I just bought a Subaru Crosstrek  
I woulda bought a Lambo, but i'm not quite there yet  
I just bought a Subaru Crosstrek  
I woulda bought a Bentley, but I'm not quite there yet  
What's the point of being cool?  
Cut your hair and get a job  
Like the rest of us do

Don't play guitar in the park and just sit  
If I hear another G chord I'm breaking your shit  
Nothing like a Subaru Crosstrek  
Suspension soft as a cute little baby neck  
My clique orders club salads  
And look like they all sing ballads  
I coulda bought a Lambo happily  
But the insurance is high and  
I really want a family  
Why does dad have a Lambo?  
He was insecure about himself son, let it go  
Nothing like fighting another man  
Cuz he cut me off in traffic, my morning started bad  
I'm glad that his kids got to see

That he's a such a giant prick  
And that he got what he needs, you know Nothing like crying in a Subaru Crosstrek  
Now you've seen me pissed and  
At the bottom feeling sadness  
My ex girl's grandpa, infinite pinball  
He had a lot of time on his hands, huh  
I just bought a Subaru Crosstrek  
I woulda bought a Lambo, But I'm not quite there yet  
I just bought a Subaru Crosstrek  
I woulda bought a Bentley, but i'm not quite  
But I'm not quite, but I'm not quite, to the there yet  
I just bought a Subaru Crosstrek  
I woulda bought a Lambo, But I'm not quite there yet  
I just bought a Subaru Crosstrek  
I woulda bought a Bentley, but i'm not quite  
But I'm not quite, but I'm not quite, to the there yet  
But, hey guys  
Have you heard about the new Subaru Crosstrek?  
With the all new suspension package you'll be  
Riding smooth in no time  
It even comes with a trailer hitch, but my dad said  
"You can't tow anything, it's a 4 cylinder  
You're gonna ruin the transmission"
