

Hurts Like Hell (feat. Offset)

Madison Beer

[Intro: Madison Beer]

I really hope it hurts like hell

I really hope it hurts like hell

(I really hope it hurts like hell)

I really hope it hurts like hell

I really hope it hurts like hell

(I really hope it hurts like hell)[Verse 1: Madison Beer]

My baby said he loved me

My baby said he need me

Gonna eat, sleep and breathe me out

'Til the end (Yeah)

But then my baby went bad (Went bad)

I guess he had a relapse (Yeah)

Had to sneak, cheat and bring me down

It had to end (End, yeah)

[Pre-Chorus: Madison Beer]

My baby falls asleep (Sleep) in his bed (Bed)

Fingertips (Tips) on the edge

You left me for a girl (Girl)

Bet he regrets leaving me (Leaving me, leaving me)[Chorus: Madison Beer]

And I hope it hurts like hell (Oh-oh-oh)

And I hope it hurts like hell (Oh-oh-oh)

You should've never let me go

I know I'm messing up your mind

The devil got you good this time

And I hope it hurts like hell (Oh-oh-oh)

[Verse 2: Madison Beer & Offset]

My baby said he loved me (Yeah, I do)

My baby had it easy (Yeah)

Got to touch, kiss and please me

All night and day (Day, yeah)

Remember when we did that, did that Cabo

24 hours, then we took it to the chateaux

How does it feel to do it on your own?

Missing me (Yeah, yeah)[Pre-Chorus: Madison Beer, Madison Beer & Offset]

My baby's all alone (All alone) in his bed (In his bed)

Fingertips (fingertips, yeah) on the edge (On the edge)

You left me for a girl

Bet he regrets leaving me (Leaving me)[Chorus: Madison Beer]

And I hope it hurts like hell (Oh-oh-oh)

And I hope it hurts like hell (Oh-oh-oh)

You should've never let me go

I know I'm messing up your mind
But now I got you good this time
And I hope it hurts like hell (Oh-oh-oh)
(I really hope it hurts like hell)[Verse 3: Offset]
Offset!
Drop tears from my eyes (Tears)
I can't cry (Cry), I'm on fire (Fire)
You cheat and I ignite (Ignite)
No more flights (Flights)
You got caught in the hype (Hoo!)
Ain't take my advice
You gotta stay patient 'fore I pay the whole night
No more ice (Ice)
In the course, on the jet on flight (Jet)
You so trife
I can't trust you [?] (No)
You gon' miss this pipe
Billie Jean, I think I might (Might, yeah)
I'ma miss her in the bed
Fuckin' up my head, fuck it up like lice
I hope it was worth it (Worth it)
Droppin' on dick like Kermit (Kermit)
It was picture perfect
'Til the bullshit has surfaced (Surfaced)
Lookin' at you like a clown
Lookin' at you like a bird bitch (Clown)
I only want you now, you should go live on the curve, bitch (Curve)[Outro: Madison Beer &
Offset]
I really hope it hurts like
Like, like hell (Hell)
I really hope it hurts like (Oh)
Like (Hell), like hell (Hell)
I really hope it hurts like (Oh)
Like (Hell), like hell (Hell)
I really hope it hurts like (Oh)
Like (Hell), like hell
