

Contact (feat. Giang Pham)

Lulleaux

Baby your touch is more than enough
To make me lose my mind,
You got me so distracted thinking of you
And he all the time And I need to feel your skin on mine
We are just two of a kind
Feel the beat of my heart
for some luck then some spark from a second When we make contact boy
Its a chain reaction
Its a physical chemical interaction
When we combine feel the satisfaction
Deep inside my soul
When we make contact boy
Feel the heat increase
And the mind's racing
Got me weakening the knees
And the urge gasting
I can barely breath
When you make contact with me I can kiss you right there
Lass in the slow
We can take our time
Tell me what you want boy
I'll do anything make you feel alright And I need to feel your skin on mine
We are just two of a kind
Feel the beat of my heart
for some luck then some spark from a second
When we make contact boy
Its a chain reaction
Its a physical chemical interaction
When we combine feel the satisfaction
Deep inside my soul When we make contact boy
Feel the heat increase
And the mind's racing
Got me weakening the knees
And the urge gasting
I can barely breath
When you make contact with me When we make contact
When we make contact boy
When we make contact
When we make contact boy When we make contact boy
Its a chain reaction
Its a physical chemical interaction
When we combine feel the satisfaction

Deep inside my soul
When we make contact boy
Feel the heat increase
And the mind's racing
Got me weakening the knees
And the urge gasting
I can barely breath
When you make contact with me
