

Basic Instinct

The Acid

Tender will fall
Quiet and alone
Tired and all speechless
Tired and gone, just speechless
Speechless
Tired and gone
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
Push me back in
Silent in sin
Fight in water
On it, on it
Basic instinct
Tired, I don't want in
Tired, I don't want in
Tired, I don't want in
I'm tired, I don't want
I'm tired, I don't want in
I'm tired, I don't want
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
Coming up for air
Coming up for air, air
