[Tracy Byrd](#)

Honey they're bringin out a tv crew they wanna do a story 'bout me and
you there'll be string up bright lights in the backyard there'll be
camera's on their shoulders well be readin' cue cards leave those
long john's on the line if the kids look dirty that'll be just fine They're gonna put us on the
lifestyles of the not so rich and famous
they wanna see us go hog wild over beans and barbeque
they wanna see my Fairlane up on blocks holes in all our socks
I'm talkin 'bout the lifestyles of the not so rich and famous Tell them 'bout your Mama and the
bowling league tell them 'bout
Junoir and his baseball team I'll show them my nine point buck on the
wall I'll blow few times on my new duck call let them see Blue how he
sleeps all day we'll bring out the Elvis tv trays They're gonna put us on the lifestyles of the not
so rich and famous
they wanna see us go hog wild over beans and barbeque
they wanna see my Fairlane up on blocks holes in all our socks
I'm talkin 'bout the lifestyles of the not so rich and famous
Yeah! Our idea of high class livin' is sitting on the porch on a cool night

the lifestyles of the not so rich and famous the lifestyles of the not so
